TOPIC - CITIES

Cities are magical places with people shopping, doing business as well as and doing fun things.

Some cities have rivers. A bridge may connect parts of the city. Boats with people in them may be on the water under the bridge. Most cities have the tallest buildings in the whole country. Day and night are different. The lights make the city look magical at night. Day can be rainy, cloudy, or sunny, and people may carry umbrellas.

TASK

DRAW FIVE (5) PICTURES OF CITIES REAL OR IMAGINED. NAME EACH ONE.
